## **PROSHRED® Orange County Community Shredding Events**

**PROSHRED®** Security Orange County has partnered with Surterre Properties, Orange County's leading luxury real estate brokerage, to host several Community Shredding Events in Laguna Beach, Newport Beach, and Tustin.

Community members are encouraged to bring up to three (3) bags or copy paper-sized boxes of their personal and confidential documents for **PROSHRED®** to securely destroy in one of their mobile on-site shredding trucks. There is no cost for this service. Individuals may watch their documents being destroyed on the closed circuit camera mounted on **PROSHRED®**'s state-of-the-art truck. There is no need to remove paper clips, binder clips, staples or rubber bands.

All documents will be shredded on-site and then recycled and made into other paper products, thus offering individuals a secure, environmentally conscious and economic community-based system for disposing their sensitive information.

Identity theft is one of the fastest growing non-violent crimes in the United States. Nearly 9 million Americans have their identities stolen each year. Proper destruction of personal and confidential documents is a critical step in ensuring that individuals do not become victims of identity theft.

In addition, electronic waste recycling services will be provided by Mission Recycling for the events in Newport Beach and Laguna Beach, and by Liquidation Company for the Tustin event. Residents may bring outdated, broken or unused electronic devices, such as computers, monitors, TVs, keyboards, cables, fax machines, printers, etc., for free recycling.

As a locally owned and nationally operated mobile shredding network, **PROSHRED®** combines unparalleled customer service with document security for business, home office and residential customers.
