

WHY WE'RE DIFFERENT

NO FUEL SURCHARGES

PROSHRED is one of few on-site shredding companies that does not charge additional fees for fuel, no matter where our clients are in our service area.

NO MANAGEMENT FEES

Our clients are never charged any type of management fee. Many of our competitors charge this fee and do not inform you until after starting their service.

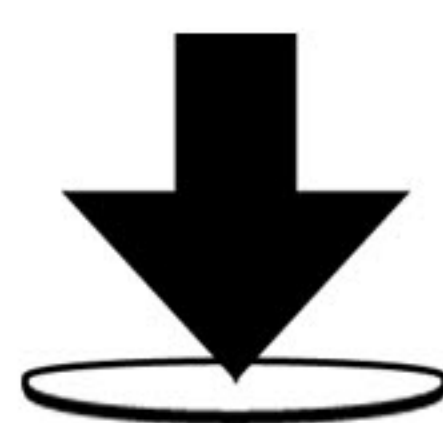

NO TRIP FEES

PROSHRED does not charge any additional trip fees, like other shredding providers. You can expect one, simple and consistent price.

LOCALLY OWNED

Our local owners and operators are more flexible and responsive than nationally centralized companies. We understand the local market dynamic and provide a more personal approach, while supporting the local economy.

DEDICATED ON-SITE SERVICE

PROSHRED pioneered on-site shredding over 25 years ago. Protect your confidential documents with the most secure, well trained and responsive on-site shredding service available.

CONTRACTS OPTIONAL

Our clients are never forced into service contracts. At our clients' choice, we provide service agreements as a measure of accountability and consent to a mutual on-going relationship.

NO OUT-OF-SCHEDULE SERVICE FEES

Need to change a service date? No problem, just let us know in advance and we will make the appropriate adjustment. **PROSHRED** never charges you additional fees for out-of-schedule service.

COMMUNITY FOCUSED

PROSHRED has always been proud to operate and provide local support. From shredding at sporting events, to schools and office parks, our trucks are recognized in many communities throughout the country.
