

Security Bins, Consoles and Containers

Executive Consoles

Dimensions: 36" x 22 3/4" x 15 3/4"
and 40" x 19" x 19"

In conjunction with **regularly scheduled service** arrangements, we install our high-quality executive consoles **at no charge** within your facility. These are **strategically placed throughout your office** for easy and convenient use by all employees. There is **no need to separate out paperclips, staples, metal clips, or bound materials**. Simply place the materials in the console and leave the shredding to us. The process is **entirely hassle-free**.

Higher capacity than most consoles in the industry—saving you money. Wide feed slot that can take up to 400 pieces of paper at a time. Front-loading, with available space to support office equipment. Paper securely held in a durable nylon bag or cardboard box insert for efficient and secure retrieval.

Personal Desk-side Containers (PDCs)

Dimensions: 13 1/4" x 16 3/4" x 12"

Made for use both inside and outside of the office, Personal Desk-side Containers can be a key component a document destruction policy. **Small, mobile and easy-to-use**, PDCs conveniently **fit under desks**, allowing for immediate disposal and enhanced security. These locking durable containers **help reduce discretionary decisions of employees** as to what should be shred and recycled by having it right at their desks. PDCs are also **ideal for home-based employees** needing a convenient document security system.

Top-loading, durable plastic container holding up to 2,000 pieces of paper, secure lock, using the same locking system as your security consoles, one-way feed slot design, ensuring paper cannot be retrieved.

High-Volume Security Bins

Dimensions: 64-gallon: 42" x 26" x 26"
96-gallon: 46" x 28" x 31"

For higher volume areas such as mailrooms, copy rooms or warehouses, these **wheeled plastic carts** are extremely durable and easy to maneuver within your facility. Our high-volume security bins, available in 64-gallon or 96-gallon sizes, are **secured with a locking system** to ensure that wherever your bins are, **your confidential paper is securely locked inside**. We work with you to determine the best location and mix of bins and consoles for your facility.

Top-loading, durable plastic containers for high paper volumes. Cut security slot to ensure paper cannot be retrieved from inside. Wheeled and well-balanced for easy maneuvering.

Residential Information Security Containers (RISCs)

Dimensions: 15 3/4" x 10 1/2" x 12 1/4"

Designed for home office and residential customers, Residential Information Security Containers are useful for collecting business and personal confidential information for safekeeping. **RISC boxes can be taken to your local PROSHRED office** or to our regularly scheduled community shredding events. Used in conjunction with our business shredding services **for employees working at home**, your RISC box can be a helpful **tool for reducing risks related to identity theft or corporate espionage**.

Top-opening bin capable of holding over 1,500 pieces of paper cardboard construction labeled with the types of confidential information that should be collected, kept in a safe location and shredded.
