2019 SCALING INITIATIVES

People and Technology Investments to enhance long term shareholder value

- Conducted just under \$18 million in acquisitions in the last 4 quarters, coupled with continued double digit service revenue growth (Same locations), this has created the need to:
 - ◆ Invest in sales, marketing and accounting professionals with a view to supporting existing operations as well as allowing the Company to continue to add new locations (Acquired and Franchised)
 - ◆ Continue our investment in our Integrated Technology tools with a view to create one platform that unifies all our tools (Sales, Marketing, Order Entry, Workflow, Accounting and Routing) and enhance client service and routing efficiencies
 - ◆ Invest in new ERP (Integrated), starting with Accounting modules with a view to enhancing business analysis and reducing the potential for errors related to period end closing process
 - ◆ Continue our investment in Cyber Security Protocols to ensure that our platform and the resident information is safe

BUSINESS PROCESS TRANSFORMATION

Creating a Platform for Continued Growth

Need to Change

Unified/Integrated Technology:

9 Corporate Locations, 21 Franchised Locations, using various technology tools independently = inconsistent process, duplicated tasks and lack of consistent measurement protocols

New ERP – Accounting:

Increased Corporate Locations and organic growth coupled with the need to report accurately and proactively has created increased manual processes and a lack of automated real time reporting

Initiatives

- Developed an integrated platform in 2017 called the Client Management Platform (“CMP”) that unifies CRM, Marketing Automation and Workflow, next steps are routing logistics, accounting and client booking
- Implementing a new ERP platform, with the first roll out in the accounting and finance area. The second step in this process will be to integrate the ERP into the CMP

Drive better organization efficiency

Increase operational performance from our routes

Pursue commercial excellence

Ensure continued best in class external reporting

Allow the Company to continue to scale effectively, efficiently and securely

FOOTPRINT GROWTH STRATEGY

Plan designed to drive depth on the East Coast, and footprint elsewhere

1. ACQUISITIONS	Tuck-in Targets over 750 independents in the US 90% 2 trucks or less	Hub Targets – Franchisees at Renewal – Typically \$2M in Revenue – 35% EBITDA	Goal – drive depth of market presence and route density in chosen markets
2. FRANCHISING	Platform well developed to successfully launch and on-going support	Focus on Western US Markets	Secondary markets ideal for Franchising
3. LICENSING	Current License in the Middle East	International Growth to be driven via licensing	

ACQUISITION PLAN

KEY TARGET STATS

■ Key Target Stats

- ◆ Average revenue of Independent is under \$500,000 per annum
- ◆ Over 750 independents, 90% are two trucks and under
- ◆ EBITDA multiples between 4X and 6X

WHY TARGETS ARE WILLING TO SELL OPERATIONS?

■ Why independent targets are willing to sell operation?

- ◆ Cannot compete with big-name brand recognition
- ◆ Difficulty spending the required marketing dollars to compete with the larger firms
- ◆ Larger Competitors have limited interest in purchasing smaller operators – not enough “torque”
- ◆ Industry moving to Information destruction
 - Requires different equipment for digital destruction
 - Frequent rotation of equipment required to ensure quality of service
 - Cost of upgrading prohibitive to independents due to capital constraints
- ◆ Industry is mature; therefore many older operators looking to retire
